

What our pupils said to Ofsted

There is little if any bullying. Where it occurs, it “gets sorted” quickly.

Everyone is proud of where they come from.

We don't have flash buildings like some schools do; it's what's inside our school that makes the difference. The best things are our teachers and our cultural diversity.

Racists don't get a look-in here.

The teachers really look after us and want the best for us.

Teachers here are knowledgeable; they help you get better at your work no matter how good you are at it.
